## Title III Consortium 2017-2018

CREC Title III Consortium members and district coordinators are invited to attend bi-monthly consortium meetings to share best practices, emerging research on improving outcomes for EL students, and to proactively respond to the instructional shifts demanded by the Connecticut Common Core State Standards (CCSS), assessments, and the Connecticut English Language Proficiency (CELP) Standards. Members will engage in new thinking about instructional practices and collaborate to proactively respond to EL needs in their district.

- Consortium members have the opportunity to participate in a professional learning community that builds on the needs of English Learners.
- Members have the benefit of requesting specific topics relevant to EL instruction, receiving updates regarding state and regional professional development opportunities, and obtaining up-to-date information regarding Title III and instruction for EL students.
