**Description:** This one day training is required for anyone serving on a district or regional reviewer committee. Districts must select potential reviewers to attend the training to learn the criteria for a successful reflection paper. Participants are given multiple opportunities to read and review a range of papers to assist them in making informed decisions.

**Objectives:** Participants will be able to:

- Read each paper carefully and without bias
- Identify evidence for each of the criteria

**Audience:** All educators with a provisional CT endorsement
