Educators understand more than ever that the key to engaging parents is to make their schools feel "like family." Schools that extend a genuine welcome to parents have stronger partners in the education process. The CT Welcoming Schools Initiative was created to improve family involvement in schools and after-school programs.

This workshop will incorporate hands-on activities and practice using the Welcoming Tool, and discuss plans for implementation. It will also focus on customer service, policy, and communication and implementation strategies. Participants will learn how to assess the climate and culture of their school and explore ideas of creating a family-friendly school.

How Welcoming is Your School? manuals can be purchased for additional staff at the training for \$38.

For additional information contact Betsy LeBoriorous, bleboriorous@crec.org or Glorimar Claudio, gclaudio@crec.org.
