Description: Come join with colleagues from the Greater Hartford region for an in-depth look at the Connecticut Core Standards for Mathematics Fraction progressions. In this full-day session, participants will learn exactly what is expected by grade level, as well as how it all fits together across the progression. This workshop will include time to plan lessons and create resources for immediate use in your classroom.

Audience: Teachers of mathematics in grades 1-6, math coaches, interventionists, and support staff.

For additional information contact Sue Renehan at srenehan@crec.org.

Please bring ear buds and a laptop or other device for note taking and access to on-line resources.
