

A Recipe for Success... How to Make STEM More Tasty!

Encourage a passion for engineering and STEM
in ALL Students!

Join CREC and ETA hand2mind for a free STEM learning event
featuring National STEM Expert, *Karen Achtemeier* to discuss:

- ✓ 5-STEM best practices in the elementary classroom
- ✓ Engage in problem-based learning by using the Engineering Design Process
- ✓ Learn how to integrate literacy, math, science & engineering into your curriculum

Location:

CREC Central Office, Rooms 101 & 102
111 Charter Oak Ave., Hartford, CT 06106

RSVP by Friday, April 27

Space is limited!
