In continuing the use of NAA's Core Competencies for After School and Youth Development Professionals, professional development and training opportunities for staff are crucial and critical for high-quality, after-school programs for youth.

To assist 21st CCLC programs in learning grant requirements, processes, and resources available to them, this summer professional development opportunity will focus on the following areas:

Morning Topics

- Risk Assessments
- Intervention Plans
- Evidence Binder guide and template

Afternoon Topics

- Assessment of Program Practices Tool (APT-O) in action
- Best Practices & Resources for High Quality 21C programs

There will also be time for programs to work together as teams in preparation for the start of the new school year. The target audience for this professional development opportunity is:

- 21st CCLC Program Coordinators
- Front-line 21st CCLC Staff

For additional information, please contact Jennifer Jones at 860-509-3683 or jjones@crec.org.

Please bring a laptop or other device for note taking and access to online resources.
