

Mission-Goals-Objectives

Monitoring and Reporting: State

Progress in attaining the student objectives adopted by the State Board will be reported annually to the general public, the governor and the General Assembly.

Monitoring and Reporting: CREC

CREC's program of accountability shall be systematic and specific, and shall contain major elements such as the following:

1. Clear statements of expectations and purposes, including the Council's strategic plan, Council goals, student learning goals and indicators of success, School Improvement Team goals and priorities, and individual staff members goals for improved student performance, which are developed as part of the system's staff evaluation program.
2. Evidence of successful accomplishment of goals and indicators of success.
3. Provisions for the staff, resources, and support necessary for the achievement of the goals.
4. Evaluations carefully designed to determine how well expectations and purposes are met.
5. Revisions and modifications for improvement based on evaluations.

The Executive Director shall report to the Council on the accomplishment of goals and indicators of success, including revisions and modifications made as a result of evaluations. Individual staff members' goals shall not be reported in any way that would compromise the confidentiality of personnel file material.

The Council, Executive Director, and staff shall make every effort to fulfill the responsibilities required by this system of accountability.

Reporting Accomplishments to the Public

The Council through its Executive Director shall keep the public informed of progress in accomplishing its goals and indicators of success, including programs established to achieve them.
