

Administration

Consultants

The Council, aware of the benefits to be derived, authorizes and encourages the administrative and supervisory staff to use professional consultants from the State Department of Education, colleges, universities, and other sources, when such consultative services will be helpful in the improvement of the instructional program in its schools. The hiring of all consultants must be approved by the Executive Director, and cases involving honorarium and/or other costs must be within the approved budget parameters.

Policy adopted: May 18, 2005
