Accident Prevention and Reporting

The practice of safety shall also be considered a facet of the instructional plan of CREC by virtue of educational programs in traffic and pedestrian safety, fire prevention, emergency procedures, etc., appropriately geared to students at different grade levels.

Building administrators shall be responsible for the supervision of a safety program for their facilities and the Executive Director or designee shall have overall responsibility for the safety program of CREC. General areas of emphasis shall include, but will not be limited to: in-service training; accident record-keeping; safety inspections; driver and vehicle safety programs; accident investigation; fire prevention; school site selection; and emergency procedures and traffic safety problems relevant to students, employees and the community.
